

Layn Natural Ingredients Introduces Instant Tea Extract Powders for Food and Beverage Applications

IRVINE, Calif., Nov. 29, 2022 – Layn Natural Ingredients, one of the world’s largest vertically-integrated manufacturers and innovators of natural, functional botanical extract ingredients and solutions has extended its deep portfolio of tea extracts with its Instant Tea Extract Powder line. The tea extract powders are produced using a simple water extraction method which helps to retain both the flavor and functionality found in the tea leaves and are hot and cold water soluble making them ideal for instant tea and ready-to-drink products. Layn’s tea extracts are sustainably produced and fully traceable through Layn’s secure and reliable supply chain.

“Consumers are familiar with the benefits of tea, and next to water, tea is the most consumed beverage in the world. By 2027, the global tea extracts market is expected to reach \$4.3 billion. We have seen growing interest from beverage brands wishing to incorporate instant tea extracts both for the functional health benefits and for tea flavors,” said Collette Kakuk, VP of Global Marketing at Layn Natural Ingredients. “Our tea extract powders have excellent liquid solubility as well as pleasant taste, making them ideal for use in a variety of applications including hot and cold beverages, liquid shots, gummies, bars, and instant tea packs.”

Layn Natural Ingredients Instant Tea Extract Powder line includes caffeinated and decaffeinated versions of:

- Instant **Black Tea** Extract Powder
- Instant **Green Tea** Extract Powder
- Instant **Pu-erh Tea** Extract Powder
- Instant **White Tea** Extract Powder
- Instant **Oolong Tea** Extract Powder

Layn’s tea extracts provide functional health benefits, and are also used for flavor and product preservation applications. Layn’s tea ingredients span a full range of tea extracts from high quality *Camellia sinensis* leaves – including green, black, white, oolong and pu’erh. A select portfolio of the tea extracts are Non-GMO Project Verified and organic options are also available, making Layn’s tea extract more appealing than other market products.

Layn Natural Ingredients offers nearly 3 decades of fully vertically integrated, traceable, and sustainable production and innovation of functional botanical extracts. Well-known for its leadership in natural sweetener ingredients, Layn’s **tea portfolio** complements its global leadership in the innovation and direct manufacture of a variety of additional botanical extracts for food, beverage, nutraceutical, and pet and animal nutrition. For over three decades, Layn

has earned a solid reputation as a leader in agronomy, botanical R&D, quality, manufacturing, extraction, and innovation.
